Game Movil ahora utiliza plásticos 100% reciclados en toda nuestra colección Puzzle Up.

Plástico reciclado: Reciclar= Reutilizar= Reducir. ¿Qué significa esto?

- Reciclar significa coger plástico que se ha utilizado previamente en la fabricación y luego molerlo.
- Reutilizar este plástico reciclado para que sea seguro y no tóxico en nuestros productos.
- Reducir significa que se fabrica menos plástico nuevo, pero aún podemos producir productos de alta calidad.

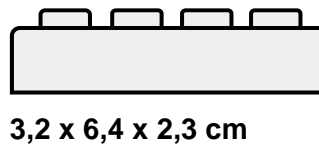

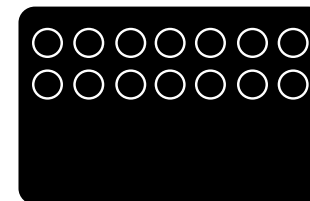

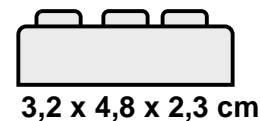

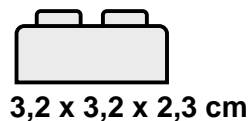

Puzzle Up está patentado y cumple con todas las normas de seguridad europeas y americanas.

Game Movil now uses 100% recycled plastics in our entire Puzzle Up collection.

Recycled plastic: Recycle = Reuse = Reduce. What does this means?

- Recycle means taking plastic that has previously been used in manufacturing then grinding it up.
- Reusing this recycled plastic so that it is safe and non toxic in our products.
- Reduce means less new plastic is manufactured but we can still produce high quality products.

This means that the entire Puzzle Up block collection is made using recycled plastic. Using recycled plastic does not affect the quality of the product but it does help to protect the planet. Puzzle Up is patented and complies with all European & USA safely regulations.
